Patriot #5-OLB

MATERIAL SAFETY DATA SHEET

**Use: Bowl, Bathroom & Grout
Cleaner 12x946ml/cs**

Code: PA5OLB

Date of MSDS: December 1, 2007
WHMIS: D2B – not corrosive to aluminum;
mildly corrosive to steel
TDG: Not Regulated
HMIS: Health -1, Flammability - 0, Reactivity - 0, PPE – B

Emergency Telephone #CANUTEC 613-996-6666

I - HAZARDOUS INGREDIENTS

Chemical Name	Wt/Wt %	CAS #	LD50 (mg/kg)	LC50
Organic Hydrochloride Salt	1-20	506-89-8	not available	not available

II - PHYSICAL DATA

Physical State: liquid	Viscosity: slightly viscous	Vapour Pressure: not available
Oil/Water Factor: not available	pH: 2.0 ± 0.5	Appearance/Odour: clear /perfumed
Vapour Density: not available	Evaporation Rate: similar	Freezing Point (°C): not available
Specific Gravity: 1.0±0.02	Boiling Point (°C): not available	Odour Threshold: not available

III - FIRE AND EXPLOSION DATA

Conditions of Flammability: not flammable	UFL: not applicable
Flash Point and Test Method: does not ignite	LFL: not applicable
Sensitivity to Static Discharge or Mechanical Impact: not available	Auto-Ignition Temperature: not applicable
Means of Extinction: treat for surrounding material & fire	Hazardous Combustion Products: not available
Unusual Fire & Explosion Hazard: at temperatures above 60°C/140°F, acid action on most metals may release hydrogen, a highly flammable and explosive gas. Avoid breathing decomposition products.	

IV - REACTIVITY DATA

Conditions of Chemical Instability: stable up to 110°C/230°F	Conditions of Reactivity: not applicable
Incompatible Substances: oxidizing agents, strong alkaline material, aluminum, chlorinated products	
Hazardous Decomposition Products: Thermal decomposition may yield oxides of carbon & nitrogen. Hydrogen gas may be released upon contact with certain metals.	
Storage Requirements: Store in closed containers away from incompatible materials.	

V - TOXICOLOGICAL PROPERTIES

Synergistic Materials: not available	Route(s) of Entry: skin, eyes, ingestion, inhalation
Irritancy of Product: acute exposure is irritating	Sensitization: none known
Acute Effects	Chronic Effects
Eye: May cause moderate to high irritation.	Reproductive Toxin: not available
Ingestion: May cause nausea, vomiting & medical problems.	Teratogen: not available
Inhalation: If inhaled as a mist vapour, it can cause nose, throat & respiratory tract irritation, coughing & headache.	Carcinogen: Non-Hazardous by WHMIS Criteria. Not listed on NTP, IARC, ACGIH.
Skin: Non-corrosive to skin as defined & tested in accordance with the U.S. OSHA's Hazard Communication Standard, DOT Hazardous Material Regulations, Canada's WHMIS Regulations and TDG Regulations. Classified as a mild skin irritant as per the 1992 OECD Guideline for Testing of Chemical, Number 404 "Acute Dermal Irritation/Corrosion".	Mutagen: The active was found <u>not</u> to be Mutagenic when tested by the Ames Assay (OECD Guideline for Testing of Chemicals Sec. 471).
Prolonged or Repeated Exposure: Skin - can cause drying, defatting & dermatitis	

VI - FIRST AID MEASURES

Eye Contact:	Immediately flush with water for 15 minutes. If irritation persists, seek medical attention.
Skin Contact:	Flush with water. Contact a physician if irritation develops.
Inhalation:	Remove to fresh air. If symptoms persist, contact a physician.
Ingestion:	Do not induce vomiting. Rinse mouth with water, then drink one to four glasses of water. Contact a physician immediately. Never give anything by mouth if victim is unconscious, is rapidly losing consciousness or is convulsing.

VII - PROTECTIVE EQUIPMENT

Personal Protective Equipment:	Eyes: safety glasses	Skin: impermeable gloves
	Respiratory: not normally required if good ventilation is maintained & exposure guidelines are not exceeded	
Ventilation: general ventilation normally adequate		
Special Measures: Firefighters should wear self-contained breathing apparatus.		

VIII - SPECIAL MEASURES

For Leaks or Spills: Small spills may be absorbed with non-reactive absorbent and placed in suitable, covered, labeled containers. Prevent large spills from entering sewers or waterways. Contact emergency services and supplier for advice.

Waste Disposal: Review all Federal, Provincial and local regulations prior to disposal.

The information contained herein was obtained from reliable sources. No warranty, expressed or implied, is made and supplier will not be liable for any losses, injuries. For independent information on ingredients in this or any other material, we recommend contact with the Canadian Center for Occupational Health and Safety (CCOHS) in Hamilton, ON (1-800-263-8466) or CSST in Montreal, Quebec (514-873-3990).
